Elizabeth, fitness and health promotion	Retired, going into new field
Bill, social service	Tools and skills needed to make a change in his community
Shawna	Finds her professors awesome. They contribute to making successful students.
Kelly, SSW intensive	(Was in U before.) Success is "Passionate possibilities". Dreams turning into reality. Making change.
Unknown, hospitality management	Needs 500 h, so would like to see more announcements so that she can get the hours. Being happy in what you are doing is success enough.
Sean, TV	Collaboration in team. At end of program, connections will continue to be there. Success is not just getting a job but building a career.
Miranda	Getting to know yourself. Not just knowing but sharing.
Andrew, interactive multimedia	Have a job that you are in love with. Success is not necessarily money but people, and tasks that you love.
Mike, 1 st yr marketing	Not just that you are successful but helping others to be successful others also. He needed others to help him get here, and would like to reciprocate.

Unknown, culinary	For him, success is being here. In this room. For him, he wants to see more alumni coming back to help current students. Talk, etc.
Unknown	Reach your life's goals in a way that benefits life/society as a whole.
	Events and Rec.
Foster	Hockey team! [Ron: might be a possibility - there will be money involved of course]
Kim architecture	All courses run from 5:00 to 10:00, so she can't be a part of events and recreation. This is a big problem.
Miranda	Open mic nights more. Not necessarily music, but spoken word/poetry as well.
Foster	Winter carnival
Lara paralegal program	Why no improv team? [Jacob: start it!]
Unknown	Why no jukebox in Ob?
Mike	Re Fall Orientation: would like to see less sitting. Way too hot in that gym. Some people were fainting. Perhaps story was too graphic at 9 in the morning?
Ron Port	Men and women's rugby added to Fall roster
Foster	Get recruiting to include discussion of timeline for applying for teams
Elizabeth	Spin classes.
Unknown	Adding to spin classes ... There are products that have bikes that attach to generators. Allow for electricity generation. Spin classes are very popular.
Foster	[new topic] Re. mobile carriers. Getting Emails forwarded to phone is only available with Telus and Bell at the moment
Unknown	Suggest small message notifying that there is mail in mailbox sent to SMS [Jacob: some concern about privacy, too much intrusion]
Elizabeth, law clerk	Options
Unknown	How to get student Email to phone. Forward Email to Email to phone.
Arjun	Cricket [Ron Port: explains current status/feasibility of cricket]
Unknown	School needs more spirit. Idea: Flash mob.
Unknown	Lipdub video. Happening in January. Look it up in YouTube. In Lipdub students choose song and film through school, lipsyncing the song. Also, there are rumours about a flash mob.
Troy, culinary management	About restaurant international in H. Not much awareness. Great deal. \$25 Thursday to Saturday nights. Monday to Wednesday, \$20. Reservations 5:45-6:45 for a 4 course meal.
Unknown	More opportunities to enjoy intramural sports without forming a team. To meet people, not because she already knows lots of people interested in a sport. [Ron: should happen]
Unknown	Extend hours of Fit zone. To midnight on Friday.

	Smoking
Foster	At 7:45am there was security guard by ECE centre, but usually people are there smoking. Suggest security cameras?
Unknown	By police building, lot of people smoking in non-smoking areas. More security presence needed.
Unknown	[As a smoker] Big problem of people smoking by the doors. Useful to know where the line is. Useful to have a spot by A building near a door. Smokers note that idling cars are as bad if not worse than smokers by ECE centre. Enforcement would help.
Unknown	Allergy to smoke. Has asked "Can people move away from door?", and just gotten verbal abuse. Got a slashed tire as well. Shocked.
Unknown	[As smoker] Most smokers not a problem. There will always be some ignorant. Bylaw is Ontario law. Smokers MUST smoke 9m from an entrance. Make it enforceable.
Unknown	Walk to school by H building. Always 5-10 people smoking by H building. 1. Asthmatic 2. Restaurant international entrance a public area BAD OPTICS. Suggests reporting to security
Jacob Sancartier	Also need to find a place for smokers to smoke, not just a place not to smoke.
Unknown	Suggest canopies, some protection.
Unknown	If other laws were being crossed, it would be addressed. This should be enforced.
Foster	Smokers talk. Give one or two tickets, people will talk, it will cease. Currently getting away with it.
Unknown	Call municipal government and let them know there is money to be made here and they will come. Around Algonquin College is pretty clean except for cigarette butts. Why? [J: Should give throwing out of a butts a fun factor]
