

[GP21] Annual Board Planning Cycle

To accomplish its outputs with a governing style consistent with Board policies, the Board will follow an annual agenda which completes a re-exploration of ENDS annually and continually improves its performance through attention to Board education to enrich input and deliberation.

1. The cycle will conclude each year on the 30th day of April in order that administrative budgeting can be based on accomplishing a one-year segment of the most recent Board's long-range vision.
 - (1) The Board will develop its agenda for the current one-year period within the first two months of a new cycle and will present it for approval no later than the end of the third month.
2. To the extent feasible, the Board will identify external training opportunities needed to enrich Board knowledge of each year's chosen priorities.
3. **Structure of Board Meetings**
 - (1) Education and decision-making will receive paramount attention in structuring the series of Board meetings.
 - (2) Student input and Board deliberations will be the focus of other activities during the year.

The sequence for the Board's planning year ending *April 30, 2025*, is as follows:
